Auction Sales To-Day. .235 2. P. DAVIES & CO.... Wharf Street...... Will Sell at Anti-Annexation Meeting at Honolulu-

On Monday evening, June 30th, a public meeting of natives was held at Kaumakapili Church, Mr. Godfrey Rhodes made a speech, warning the people against annexation, and denouncing the United States. At the close the Sound. of his address, the tollowing resolutions were passed with little or no comment :

Resolved-That this meeting expresses the sentiment of a majority of the nation as op-posed to the cession of Pearl Harbor to the United States.

Resolved-That if any of His Majesty's Cabinet advocates the cession of Pearl River, this neeting disapproves of his course. On motion, a committee of seven was ap-

pointed to draft a memorial to the King of Hawaiian territory. G. Rhodes, A. Kala-uli, J. Kahal, Z. Poli, Mekalemi, Kukahike, and Kamnipelekane, were nominated. Mr. Rhodes having declined to serve, J. O. Carter was appointed chairman in his place

amble and resolution to banish Mr. Castle and family from the kingdom :

Whereas-The Hon. S. N. Castle bas pub. licly declared himself an annexationist, his dvocacy of the annexation of these Hawaiian Islands to the Republic of America having appeared in a newspaper called the Evangedeath of the King and a vacancy on the throne, the United States have the power to and whereas, it is proper in the consideration of those to whom the land belongs that they be jealous of their rights, and of their country-they whose torefathers fought through wounds and danger to secure the peace of great Powers of the earth, our hearts being moved with love to their King,our chiefs and

our country; therefore, Resolved-That S. N. Castle and his family be banished beyond the limits of this king-

eion, in which several speakers gave vent to sentiments calculated to excite the native Ottawa, in the Province of Ontario, Esquire, tuce against foreigners. In the midst of the to be Under Secretary of State, vice Etienne confusion which followed, the meeting broke Parent, Esquire, superannuated. up without acting on the resolution.

Daws's FUEL ECONOMIZER. - This is one of those simple but efficient inventions peculiar to the genius of Mr. Dewe, Chief Post Office son, a distance of 250 miles .- Transcript. Inspector of the Dominion. It is a hollow, perforated cone, resembling in size and shape a cosy" for a teapot Placing this bollow cone with its four tiers of boles on each side the size of a Snyder rifle bullet, the tuel is placed all around and over it. This arrangement fills up space, permits a greater burning surface, introduces air into the cen-tre of the fire, makes it burn bright, con-sumes the smoke, and reduces the consumption of fuel by one half. The invention has been tried, tested thoroughly indeed, and paeary for grates. It can be made to suit stoves and furnaces, and as already stated, will effect a great saving of coal .- Ottawa Times.
